THE BANNER.

WM. M. HARPER, LOCAL EDITOR.

Mount Vernon, June 21, 1872

LOCAL BREVITIES.

—Somerset has as many dogs as people.

—Its Mount Vernon town now. The town is infested with Gipsies.

—The sixth and last story of the Kokosing Light House is now nearly completed.

—The wool clip for the present year promises to be from 25 to 30 per cent. greater than 1871.

—Mansfield has got rid of the small pox, but now is now afflicted with lightning rod agents.

—Every room in the Commercial House and Bergin House have been engaged for next Monday and Tuesday.

—We hear nothing more in regard to the Fourth of July, celebration. Has the project fallen through?

—There will be six brass bands in attendance at the Masonic Celebration in this city on Tuesday next.

—Green peas are selling at 10 cents a peck. Strawberries sell at 10 to 15 cents per quart, but are scarce.

—A charter for a new Railroad from Cincinnati to Terre Haute has been filed in Columbus. Capital \$1,500,000.

—The wheat fields in Berlin township, between Fredericktown and Ankeny, are looking uncommonly well.

—Dallas G. Morrison, a former attaché of the BANNER office, made us a call on Tuesday last, looking hale and hearty.

—It is estimated that 15,000 people will be in Mount Vernon on next Monday to attend Barnum's Great Exposition.

—Mr. Bascom of the Republican is still rambling among the Hocking hills, for the benefit of his health, and some dampish is writing editorials for his paper.

—Hon. W. H. Smith, Assistant U. S. Attorney General, made us a business call on Monday. He had just returned from a visit to Kansas.

—Six convicts in the Muskingum county jail, at Zanesville, made their escape on Friday, not one of whom was recaptured.

—There will be an Odd Fellows' Festival (Strawberries and Ice Cream) at Wolf's Hall on Friday evening. Admission 35 cents.

—Barnum's Great Show on Monday next, and the Masonic Celebration on Tuesday, will bring to Mt. Vernon immense crowds of people.

—The Great Western Band of Sandusky will take part in the Masonic exercises on Tuesday next, after which they will go to Gambier to furnish the Commencement music.

—Mr. Taft intends laying out his 18 acres of ground, on Gambier Avenue into building lots. The city is bound to extend in that direction.

—Among the recent transfers of real estate in this city was thirteen acres of ground in the First Ward from Jesse Myers to James Rogers, for \$10,000.

—Joe Kuster and John Koss, two of Newark's best caterers, have entered into partnership, and are jointly running one of the best restaurants in Ohio.

—We learn that the old Masonic Hall, on Main street, has been leased to and will hereafter be occupied by the new "Order of Red Men."

—Loads of beautiful red sand stone have been brought from the Howard quarries, to be used in the Railroad buildings in Mt. Vernon.

—There is great excitement among the owners of cows and hogs in consequence of the enforcement of the City Ordinance relative to those quadrupeds.

—The Kenton Democrat says it is "news" out there that Mr. Robinson, editor of the Kenton Republican is a candidate for Congress in this district.

—General Morgan returned home on Friday evening last. He is looking and feeling well, and speaks hopefully for the future of the Democratic party.

—We have authority for saying that Dr. R. C. Kirk will not be a candidate for Congress in this district. Col. Cooper and General Devin are still on the track.

—The Masons of Newark have made arrangements to attend the Masonic Celebration in this city on the 25th in a body. The Sir Knights will be in full costume.

—About six weeks is the time estimated as necessary to complete the grading of the Cleveland, Mt. Vernon and Delaware Railroad between Columbus and Westerville.

—A dispatch from Wooster states that the reports in regard to the prevalence of small-pox in that city are greatly exaggerated, but that one death and few cases have occurred, altogether.

—The Editors of Southern Ohio had a grand Convention and Festival at Athens on the 13th and 14th of the present month. We would like to see a Convention of the Editors of Central Ohio.

—The net receipts of the Licking county Horse Fair were about three hundred dollars. Three thousand dollars were paid out in premiums, and there were other expenses. So says the American.

—We have received a note requesting us not to announce a certain marriage in the BANNER. Of course we will not, especially as no official notice of the event, with the customary fee of 50 cents, has been received.

—The Thirty-second Ohio Volunteer Infantry will hold a re-union at Mansfield on the 4th of July. All the survivors, about 550, will be present. Andrew Stevenson will deliver an address on the occasion.

—Mr. H. T. Bryant, of Morris township, who raises the best strawberries in Knox county, left with us a few days ago some of his "Wilson Albany," which are large and luscious, and surpass anything we have tasted this year.

—We had a very pleasant call on Saturday last, from Major J. H. Dodd, the able and intelligent editor of the Toledo Democrat, who purposely came out of his way from Columbus, in order to see the prettiest town in Ohio.

—Messrs. Sweeney, West & Co., proprietors of the Put-in-Bay House, the great summer resort of the west and south, announce that they are now prepared to receive and entertain guests. They will soon be crowded with pleasure seekers.

—The Baltimore and Ohio Railroad will issue round trip tickets to all persons wishing to attend the Baltimore Convention which meets on July 9. Tickets will be good for twenty days after date, and include free trip to Washington City.

—Dr. G. W. Barnes, of San Diego, Cal., formerly of this city, after an absence of several years has returned to make a visit to his native haunts. The Doctor has many warm friends here who shake him by the hand with much pleasure.

PERSONAL.

—Mr. Gribben completed the little work on the C. M. V. & D. R. R. east of the Summit, on Tuesday last, and the track laying from there to the Mohican river is progressing rapidly. In a few more days the trains will be running through from Mt. Vernon to Millersburg.

—A new Hardware Store has been opened by Bogardus & Co., in Sperry's Block, on the west side of the Public Square. Mr. Bogardus was the late gentlemanly agent of the U. S. Express Co. in this city. See advertisement in another column.

—The Mansfield Pioneer Association have elected the following officers for the year: President, Hon. James R. Gass; Secretary, S. M. Young, Esq.; Cor. Secretary, Gen. B. Brinkerhoff; Treasurer, Henry C. Hodges. The Association are making arrangements to celebrate the 4th of July.

—For fear that an item which appeared last week, will give a wrong impression, we will state that Barnum engaged the same number of rooms at the Commercial House as at the Bergin, and that both of these houses will be prepared to entertain all their old guests.

—The Wyandott Democrat Union announces that Jas. L. Vandallingham is in that place "enjoying the life of his uncle the Hon. C. L. Vandallingham."

—We have a very distinct recollection of seeing this young gentleman in Mt. Vernon last winter, but we are sorry to say he did not leave a very good reputation behind him when he left here.

—Last Thursday as Col. Cooper and family were driving, the Colonel got out of the carriage for the purpose of unloading the mules, when for some reason or other, they turned away suddenly, upsetting the vehicle and throwing his wife and two children out on the ground, dragging his little daughter Dolly for some distance, badly scratching her face, otherwise there was no injury done.

—At the beginning of this week, in company with a gentleman we made a visit to the locality where the gold had been discovered which was reported some weeks since. The gentleman who was with us having had considerable experience as a miner in California gave us a demonstration of the "panning-out" process, and from about a shovel full of the earth, several particles of the "color" were plainly visible. We have got the gold fever bad and think something of starting a little mine of our own.

Knox County Farmer.

WORKING BEFORE BREAKFAST.—We think that many of our farmers injure their health by too hard labor before their morning meal. As the boys say, "we know how it is ourselves." If some of our subscribers will take it for one month, we think they will agree with us in our advice.

DO NOT PASTURE DOWNS TOO CLOSE.—It is much better for stock, farm and farmer, to be a little understocked than to have one head too many. In the latter case, all three will suffer: one in flesh, one in value and the other in the pocket. Old Jethro Tull used to say he loved to see farmers "kind to their soil."

We notice, in our travels among our brother farmers, that many of them still feed their horses on long hay, even when working. This certainly is false economy, for a hard-worked horse can much sooner eat his feed of cut hay and ground grain, moistened with water, and will, of course, have more time to rest, not only at night, but also at noon. If slow work, a liberal allowance of cut hay will do no harm; but, if for driving, more meal and less hay should be given.

SUGAR BEETS.—The culture of sugar beets is rapidly spreading in the United States. Not only is a permanent market for them about to be established in the beet sugar factories now springing into existence, but they are found to be excellently adapted as food for stock. Milch cows, fattening oxen, sheep and hogs, all devour them readily and thrive on them satisfactorily. The climate is adapted to them, and in their culture no methods or implements other than those needed for the ordinary culture of turnips or rutabagas are required.

ALL ABOUT RAISING WHEAT.—In May, or early in June, I break up the ground well intended for wheat. If it should be stiff soil, I harrow the same way it was plowed. I then allow the stock to run in the field. As soon as possible after harvest I plow again, and also harrow, if needed. In twenty or thirty days I plow for the third time, and harrow smoothly. When the ground is thus properly prepared, I drill in from one to one and a fourth bushels of Egyptian or French red wheat. If the land is not a good one, finishing touch, a top dressing of fine, well rotted stable manure, sowing it on the ground after the seed is drilled in. I have never failed, on this plan, to raise twenty-five, and sometimes more, bushels of fine wheat per acre on clay land.

HOW TO REDUCE BONES FOR AGRI-CULTURAL PURPOSES.—A writer in the *Horticulturalist* says he buys bones of the butcher at a dollar a hundred pounds, and considers them the cheapest fertilizer he can obtain. He transforms them into meal by the following simple and effective process: I have a large water-tight hoghead standing outdoors near the kitchen. In the spring I cover the bottom about six inches deep with dry soil. On this I put a layer of bones about the same depth, and cover them entirely with manure. I then put on another layer of bones, then ashes, and so on until the hoghead is full. I leave it then exposed to the sun and rain all summer and winter, until the next spring. Then, on removing the contents of the hoghead, I find nearly all the bones so soft that they will crumble to powder under a very slight pressure, and, mixed with the ashes and the soil, they give a nice little pile of most valuable manure, ready for immediate use. One of the bones not sufficiently subdued, I return to the hoghead again for another twelve months' submergence.

RAISE YOUR OWN FRUIT.—*Columbian* World presents briefly the following suggestions on raising fruit:

This is a fruit country. Nearly all farmers may raise their own fruit. Strawberries, raspberries, currants and gooseberries grow or will grow almost everywhere. They can be canned and so well preserved the whole year. Apples, pears, peaches, can be raised on most farms. There is no good reason why fruit should not be as plenty as corn or wheat.

This is a bilious country, that is, the people who live here are liable to bilious diseases. There is, perhaps, no better preventive of bilious diseases than the constant use of fruit as a diet. It corrects the acids and juices of the stomach and assists digestion. It keeps the bowels properly active and prevents that sluggishness and torpidity which promote bilious derangements. Fruit, to do its best office in a diet, should be cooked and eaten as part of the regular meal. Thus used, how delicious it is! How it adds to the pleasures of a meal to have it enriched with so delicate and agreeable articles of diet. How cheap and elevating is the tendency of fruit! So it is the best diet really the pleasantest—therefore let fruits grow on our farms and adorn and make pleasant all our tables.

Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Among the great discoveries of modern science, few are more valuable than this effective remedy for all diseases of the Throat and Lungs. A vast number of the victims of these diseases, who have been cured by this preparation, are publickly known, so remarkable as hardly to be believed, were they not proven by the most authentic evidence. As a remedy it is safe, and the public may rely for full protection. By curing Coughs, the progress of more serious diseases is saved, and an amount of suffering not to be computed. It challenges trial, and convinces the most sceptical. Every family should keep it on hand as a protection against the early and unperceived attack of Pulmonary Affection, which is easily met at first, but which becomes incurable, and too often fatal, if neglected. Tender lungs need this delicate remedy, and it is a necessity to be without it. As a safeguard to children, amid the depressing diseases which beset the Throat and Chest of childhood, Cherry Pectoral is invaluable; for, by its timely use, multitudes are rescued from premature graves, and saved to the love and affection of their friends. It is a sure and safe remedy against colds, securing sound and healthy sleep, and preventing the troubles of influenza and painful Bronchitis, when they know how easily they can be cured.

Originally the product of long, laborious, and successful chemical investigation, no cost or toil is spared in making every bottle in the utmost possible perfection. It may be confidently relied upon as possessing all the virtues it has ever exhibited, and capable of producing cures as memorable as the greatest it has ever effected.

Ayer's Hair Vigor,

For restoring to Gray Hair its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. It soon restores faded or gray hair to its original color, with the gloss and freshness of youth. Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed; but such as remain can be saved by this application, and stimulated into activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. The restoration of vitality is given to the scalp arrests and prevents the formation of dandruff, which is often so unhealthy and offensive. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a HAIR DRESSING, nothing else so good has been discovered. Containing neither oil nor dyes, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre, and a grateful perfume.

Rosadalis

THE INGREDIENTS THAT COMPOSE ROSADALIS are published on every package, and show that it is not a secret preparation, consequently

PHYSICIANS PRESCRIBE IT. It is a certain cure for Scrofula, Syphilis in all its forms, Rheumatism, Skin Diseases, Liver Complaint and all diseases of the Blood.

ONE BOTTLE OF ROSADALIS will do more good than ten bottles of the Syringe of Sarsaparilla. The undersigned physicians have used Rosadalis in their practice for the past three years and freely endorse it as a reliable Alternative and Blood Purifier.

Dr. T. C. FUGER, of Baltimore, Md., Dr. T. J. BOKIN, of New York, Dr. F. O. BARNETT, of New York, Dr. S. F. SPARKS, of Philadelphia, Pa., Dr. J. B. McNEELY, of Columbus, O., Dr. A. B. NOBLES, of Edgecomb, N. C., Dr. J. R. FRENCH, of St. Louis, Mo., Dr. W. W. SMITH, of Jackson, Mich., Dr. J. W. WHEELER, of Lima, Ohio, Dr. H. HALL, of Lima, Ohio, Dr. S. G. McFADDEN, of Murfreesboro, Tenn.

Our practice will not allow of any extended remarks in relation to the Rosadalis. We guarantee a Fluid Extract superior to any they have ever used in the treatment of any disease of the Blood, and to the afflicted we say that Rosadalis is the best remedy for all the above diseases.

Resadalis is sold by all Druggists, price \$1.50 per bottle. Address: DR. CLEMENTS & Co., Manufacturing Chemists, BALTIMORE, MD.
